

Position Available: Upper School Science & Math Teacher

Abington Friends School provides an exceptional program informed by traditional Quaker values and testimonies. Abington Friends School is an independent, coeducational, college preparatory day school serving students from three years old through 12th grade. Rooted in Friends principles of collaborative inquiry, peaceful resolution of conflict, equality, community and integrity, AFS is an unusually vibrant and diverse learning community. More information is available at www.abingtonfriends.net.

Position Description:

Abington Friends Upper School is seeking an Upper School Science and Math teacher to teach Chemistry and one section of Math from Algebra I through Introductory Calculus beginning in Fall 2019. The ability to also teach physics or an elective course is desired. Upper School teachers are expected to serve as student advisors; opportunities to coach or supervise other student activities are available.

Qualifications for the position include:

- A minimum bachelor's degree in math or science at an accredited institution.
- Content knowledge in chemistry and all areas of high school mathematics.
- Understanding of laboratory safety in the context of a high school science classroom.
- Comfort with the TI-84 graphing calculator.
- Aptitude for, and comfort with, teaching students of a diverse range of backgrounds and ability levels.
- Willingness to collaborate with other teachers in Upper School and across divisions around curriculum and pedagogy
- Strong written and verbal communication skills.
